You appreciate photographs of your children--yet you neglect to have them made of yourselves for them.

Photographs are inexpensive compared to the pleasure they convey in giving them.

Indigestion

Many persons, otherwise vigorous and healthy, are bothered occasionally with indigestion. The effects of a disordered stomach on the system are dangerous, and prompt treatment of indigestion is important. "The only medicine I have needed has been something to aid digestion and clean the liver," writes Mr. Fred Ashby, a McKinney, Texas, farmer. "My medicine is

Thedford's

BLACK-DRAUGHT

for indigestion and stomach trouble of any kind. I have never found anything that touches the spot, like Black-Draught. I take it in broken doses after meals. For a long time I tried pills, which gripped and didn't give the good results. Black-Draught liver medicine is easy to take, easy to keep, inexpensive."

Edison's Dream

—To Bring MUSIC Into Every American Home!

The great secret of Thomas A. Edison's genius is his wish to serve mankind. This is the noble ambition which has kept his wonderful creative brain tirelessly at work through a long lifetime of marvelous achievement. Edison invented the phonograph, and spent years perfecting it, for a definite purpose—to bring music into the homes and daily lives of his fellow-men.

That is why Edison dealers are pledged to carry out the spirit of Edison's expressed wish in offering you

EDISON'S NEW DIAMOND AMBEROLA

We want to make it as easy as possible for you to own an Amberola phonograph. No matter how little you feel you can afford to pay, we will arrange most convenient terms of payment, that will surprise you.

We will let nothing stand in the way of your having music in your home—real music, such as only Edison's own phonographs can give you.

Edison's Amberola is not to be confused with ordinary phonographs and "talking machines." It is the world's greatest phonograph value—

the "master product of a master mind." After listening to the shrill, metallic sound of ordinary phonographs, the pure tone of the Amberola is a revelation! So is the genuine Diamond Point Reproducer (no needles to change). So are the Amberol Records, which outlast ordinary, fragile records for years and years!

We want you to come to our store and listen to Edison's Amberola at your earliest convenience—today, tomorrow, soon. You will be welcome any time—so come without fail.
